

A Self Financing College, Managed by Malankara Catholic Educational Society Catholic Diocese of Mavelikara

Kallumala P.O., Mavelikara, Alappuzha, Kerala India , PIN - 690 110

STRATEGIC PLAN AND DEPLOYMENT DOCUMENT

Considering the vision and mission, the strategic plan of the Institution is constituted. However, the Institution decided to introduce PG courses and some skill oriented programmes for the students. The Institution was established in 2015 with four degree programmes in B Com, BA English and BA Economics. From the skeleton of a junior College, we are moving to higher levels or targets with the introduction of a post-graduation course in M Com (Finance) in July 2020. We hope that we may be able to start a PG programme in English within a short span of time. When we examine or observe the growth of our Institution in the last five years we are so happy to say that from a humble beginning the Institution has moved to a fully equipped post graduate College.

The passionate team of Mar Ivanios College of Arts and Science under the IQAC, after several discussions and planning, guided by the mission and vision of the College, quality Policy, SWOC analysis; framed the Institutions strategic goals as follows:

- To follow ICT enabled teaching learning methods
- To develop and follow professional leadership and participative management
- To establish a continuous Internal Quality Assurance System
- To ensure Good governance
- To develop Sound Financial Management
- To develop Entrepreneurial Skill among Students
- To promote internal revenue generation
- To encourage Alumni Interaction and participation and investment Out Reach activities
- To undertake Community Service and community oriented activities.
- To Develop Physical infrastructure, green campus, alternative energy resources and effective waste disposal; and rain water harvesting and well recharging measures.

Strategic Planning (2019-2024)

Teaching learning process	✓ Academic Planning and preparation of Academic
reaching learning process	Calendar
	✓ Development of Teaching Plan
	✓ Preparation of Lesson Plan
	✓ Use of more teaching aid and adopt more ICT
	✓ Development of e-learning resources
	✓ provide mentoring and personal support
	✓ follow a transparent and fair feedback system
	✓ Evaluation based on the SWOC analysis of
	Departments ✓ Continuous Assessments implementation of best
	practices
